DETAILED ACTION

1. This office action is in response to applicant's comments filed on 03/11/2008.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Alan Lenkin (Reg. Nbr 40,063 representing Applicant) on 12/05/2007.

The application has been amended as follows:

Specification

The specification has been amended with the text shown in the 4-page attached appendix.

Note: The Examiner's amendment is made to enter changes in response to a previous objection.

Claims

With respect to claim 63, on line 12, the text:

"d. receiving a voice call from the customer wherein at least one gateway"
has been deleted and replaced with the text:

--d. receiving a voice call from a customer wherein at least one gateway--.

With respect to claim 64, on line 11, the text:

"provides the application server with the availability status of the at least one node and the"

Has been deleted and replaced with the text:

--provides an application server with an availability status of the at least one node and a--.

Note: The Examiner's amendment is made to resolve an informality in claims 63 and 64.

Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or fairly suggest the combination of a contact center with at least one hub configured to receiver and route communications from a customer where the hub has at least one server configured to receiver customer communications, at least one gateway configured to receiver a voice call from a customer, at least one router coupled to the server and the router is configured to normalize communications from the customer, and an application server coupled to the router where the application server is configured to route the communications based upon a set of routing criteria and the application is configured with ACD software that matches at least one node to the communications and the node is coupled to the hub and the node is configured to receiver the communications in addition to routing the communications to a group of agents as recited in independent claims 1, 15, 36, 63, and 64.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany

the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to BRIAN T. O'CONNOR whose telephone number is (571)270-1081. The examiner can normally be reached on 9:00AM-6:30PM, M-F, 1st Friday off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Hassan Kizou can be reached on 571-272-3088. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
